

## ECO-FRIENDLY BAG INSTOCK FABRICS for PP non-woven material

### JUTE - JUCO - BURLAP

Jute is a natural fiber popularly known as the golden fiber. It is one of the most cost effective and strongest of all natural fibers and is considered the fiber of the future. Jute is second only to cotton in the world's production of textile fibers.

Juco is a combination of jute and cotton.

Burlap is a coarse woven fabric usually made from jute or other vegetable fibers.

### NON WOVEN FABRICS

Nonwoven fabrics are broadly defined as sheet or web structures bonded together by entangling fiber or filaments. Nonwoven fabrics provide specific functions such as absorbency, liquid repellency, resilience, stretch, softness, strength, flame retardancy, washability, cushioning, filtering, bacterial barrier and sterility.

Polyethylene is the most widely used plastic, primarily used for packaging such as the grocery bag. Polypropylene is a thermoplastic polymer used in a wide variety of applications, including packaging.

Cotton is a soft, staple fiber that grows in a form known as a boll around the seeds of the cotton plant. The fiber most often is spun into yarn or thread and used to make a soft, breathable textile, which is the most widely used natural-fiber cloth in clothing today. Organic Cotton is cotton grown without using agricultural chemicals such as fertilizers or pesticides.

### MATERIAL OPTIONS

- Polypropylene non woven bags
- Polypropylene non woven bags with lamination
- Polypropylene woven bags
- R-PET non woven bags
- PET non woven bags
- Polyethylene woven bags with and without lamination
- VMPET bags
- Jute
- Juco
- Burlap
- Cotton
- Organic cotton
- Recycled cotton

### DESIGN TREATMENTS

- sublimation
- 4 color process
- heat transfer
- screen print
- matte & glossy lamination

## THE GLOSO ADVANTAGE

Why choose Global Sourcing Connection, LTD? Few companies are as committed to earn and keep your business. Here are just a few reasons why GLOSO is the way to go if you want to get ahead of your competitor.

## EXCELLENT CUSTOMER SERVICE

Complete satisfaction is always our main priority. We provide clear communication throughout the process with honest shipping times and excellent follow up. As a USA-owned, certified woman owned business located in suburban Chicago, we are right here whenever you need us. From assistance in product selection to final delivery, we will follow your order through to completion.

## QUALITY AND VALUE

You will not find a more thorough quality control process in the industry. We have developed direct relationships and partnerships with more than 350 reliable factories around the world. Our overseas offices and quality control inspectors are on site to guarantee the quality of everything we ship.

## LOW MINIMUMS AND COMPETITIVE PRICING

We have very low minimums on most items. Our pricing is volume based and we specialize in keeping our customers competitive. There are no hidden costs. All quotes have duty, freight, brokerage fees, and delivery to your door included.

## FREE CREATIVE AND DESIGN SERVICES

Our experienced and talented in-house designers help create custom products for our clients free of charge. From artwork and logo design to virtual renditions of the final product, GLOSO enhances the quality of your order through a design process that will set you apart from your competition.

Let us help you put your ideas to work and create unique new products that you may never have thought possible.
